19th March 2020

Dear Parents/ Carers of pupils in Year 11,

The government's announcement that no exams will take place in May and June is obviously causing great concern for pupils, parents and schools. In his address yesterday the Prime Minister said, "We will make sure pupils get qualifications they need for their future career."

The government have said they will explain what this means on Friday of this week. While we await this information we will continue to support our Year 11s through their mock exams. I have told the pupils that these exams may become part of the evidence on which their grades are based if that is what we are asked to provide. As soon as we receive any additional information we will email you and your child.

We are all immensely proud of our Year 11 pupils and the way in which they have worked preparing for their exams and the seriousness with which they have continued to work this week.

We will continue to support them and work on their behalf to help them progress at the end of this year. Our Careers guidance continues remotely and you/ your child may be contacted by our Careers Advisors.

Best wishes

Mrs McLaughlin
